

Let's 
Grow!

Job description

Viticulture

INDUSTRY OVERVIEW:

Ask any winemaker and they'll tell you the magic in our NZ wines is all about the vineyards, with an innovative approach to growing and caring for vines.

JOB OVERVIEW:

If working outdoors appeals, where you literally see the fruits of your labour growing in front of you, this is the industry for you. Wine companies and growers need talented and smart thinking people to manage growth and harvest the grapes in the vineyards.

A Viticulture role is an excellent opportunity to be employed in a position that is varied and rewarding. You will be working and training with an existing team of skilled people that will give you lots of development opportunities to grow into.

SKILLS & EXPERIENCE:

- Good level of fitness and enjoy working outdoors.
- A team player with excellent communication skills.
- Skills with tools and machinery an advantage.
- Honest, reliable and organised.
- Current drivers licence.
- Are able / eligible to work in NZ.
- Eager to learn and train while you work.
- Growsafe certificate desirable.
