

Landscape Builder Apprentice -

- **Fantastic Range of Projects**
- **Regular Income > Established Reputable Company**
- **Learn more > Earn More**

Keen Landscaper wanted to boost our team across a wide variety of projects. This is a perfect opportunity to come in as an Apprentice Landscape Builder or straight in as a Project Leader. A free apprenticeship is available for the right applicant with assessors on board to assist and pass the various units.

Position offers a solid range of quality projects and an excellent regular contract income - Paid weekly.

Locations based mainly between **Wellington and Kapiti areas**.

Applicants must display initiative and display some knowledge of building across most aspects of outdoor landscaping (decks, boardwalks, retaining walls, paving, mowing strips.....); they will be assisted by the Main Project Manager and more experienced landscape apprentices already working towards their landscape qualifications along with labourers to help with all that hard grunt work.

You will be expected to work within budgets and follow plans and instructions as provided.

Our size and reputation mean we have good flexibility in terms of how we handle things, the hours which we work and the projects we choose to take on. We treat each other fairly and trust each other to perform productively and to a good standard.

Applicants will require a **clean licence, some tooling, and good people skills**. Must be professional in front of clients and other contractors. Should have own vehicle to get to work. You will be expected to drive work vehicles when required.

Come and join us and help us continue the sound reputation we have with past clients and landscape architects/designers. I look forward to your enquiry.
